## ASYLUM Crack Game Download

Download ->>>->>>->> <http://bit.ly/2NHTwYJ>

### About This Game

From the creators of cult sleeper hit [Scratches](#) and the haunting [Serena](#), comes a chilling journey into the darkest depths of your mind. **ASYLUM** is an ambitious and intricate horror adventure casting you into the hallucinatory setting of the Hanwell Mental Institute, a silent witness to unimaginable atrocities that transpired between its endless corridors.

With influences ranging from Lovecraft to Peter Cushing to Lucio Fulci, **ASYLUM** has been meticulously crafted with a strong focus on storytelling and atmosphere. Explore countless tenebrous environments, find your way throughout a towering, lifelike mental hospital, and solve a surreal mystery that will haunt you for years to come.

### What you can expect

- A mind-bending original storyline that we somehow managed to keep secret during 10 years of production.
- An atmosphere so engrossing you will almost smell the stench of decrepitude and putrefaction around you.
- Exciting challenges rewarding your wit and observation. No pixel hunting or boring math puzzles.
- Memorable soundtrack inspired by vintage horror productions and quite a bit of John Carpenter.
- No jump scares! OK, maybe just a frightening couple that will hit you when you least expect it.
- Relentless pacing leading to a shocking and disturbing conclusion. You simply won't believe what's coming!

---

We poured our heart and soul into creating an involving and endlessly rewarding adventure. If you love the kind of slow-burning horror with an old-school sensibility that creeps upon you, **ASYLUM** will be an unforgettable experience.

**Beware the Thief!:**

It's a twist I didn't see coming however I feel this will spruce things up a bit.

**ADDITIONS. Happy Lunar New Year! - Update 2.0.2:**

What better time to grant the wish of our Chinese fans than the Lunar New Year celebrations? With the 2.0.2 we're introducing the Chinese language. We're aware it's still a bit rough around the edges and there might be some minor bugs related to this localization, but we just couldn't wait to share it with you guys.

**Change list:**

- added Chinese language
- minor bug fixes in the modding centre

**PS. By the way, we're 70% off during the Lunar Sale.. Happy Holidays:**

From all of us at Unfrozen Studio, we would like to wish everyone a very merry Christmas and a happy New Year. This past year has been incredible and we would like to thank you all for the continued support from the community.

It is a moment for reminiscing and looking forward. We hope you are reminded of all the most important things in your life this Christmas, so take time during the rush of the holidays to savour every minute of it.

---

We have so much lined up for 2019 and we hope to see you in our community next year and many to come!

Thank you once again for the trust you have placed in us and best wishes for the holidays.

**Unfrozen Team**

**. The Missing Prize!:**

Unfortunately, a prize was overlooked in our last announcements!

The fan favorite of the RPG Maker for the Not So Bright Screenshot Contest was won by [JCGG] Jomarcenter for [this screenshot](#), a reference to a fairly notorious RPG Maker demo he had made in the past.

**You, also, have won a single resource pack through Steam!. 3 New Steam DLCs - Available Now!:**

Dear Tabletopians, today we announce another flight of highly requested games from our library - now available as Steam DLCs! You can now buy [NOIR\[tabletopia.com\]](#), [Between Two Castles of Mad King Ludwig\[tabletopia.com\]](#) and [The Networks \[tabletopia.com\]](#) to play them forever, with no subscription required. As usual, only the host needs to own the DLC, your guests play for free.

[NOIR\[tabletopia.com\]](https://tabletopia.com). **Early Access 3.0:**

Note: If you're still running an older version of the game (see your game version at the top left) verify your game files by right-clicking the game, clicking properties > local files > and pressing "Verify integrity of game files". This should force Steam to download the latest updates.
