About This Software

The fastest way to create animated shows. With your HTC Vive or Oculus Rift, you can produce your own animated shows in real-time, and even stream them live to Facebook, Twitch, or YouTube. Just jump inside the show, press record, and go.

Features include custom characters, sets, and props, multi-part recording and playback, live streaming via OBS Studio, a set builder to customize your sets, and director tools with an 8-camera switcher to control your 2D output.
